

ONESTO

Ceramic 1.5 Bowl & Drainer

Inset

Left or Right Handed

The Onesto is an inset, ceramic one and a half bowl sink with large minimalist drainer. The expansive main bowl, suitable for washing the largest of non-dishwasher items, and a small half bowl make the Onesto the perfect multi function sink.

The half bowl is situated at the back of the sink to exploit maximum area for the main bowl and drainer:

Its soft sweeping contours lead into the uniquely shaped, over sized main bowl.

The Onesto is available in two colours, Matt White and Aluminium.
